ANNOUNCING

SLACK Incorporated,
publisher of AAOHN JOURNAL, the official journal
of the American Association of Occupational Health Nurses,
is pleased to present

The Golden Pen Award XIV

The purpose of this Award is to stimulate writing ability among the members of AAOHN; to seek new approaches to the occupational health nurse's expanding role, which may be shared through the Journal; and to dignify in writing the occupational health nurse's contribution to the occupational health team.

The Golden Pen Award, consisting of a symbolic gold pen and $500, shall be presented to the author of the best paper submitted in this professional writing competition, which is open only to AAOHN members. Manuscripts may describe actual experiences or they may reflect the author's viewpoint on any aspect of occupational health nursing.

Manuscripts to be considered for The Golden Pen Award should be typed double-spaced, should be no less than 15 or more than 20 pages in length, and five copies should be submitted to the AAOHN JOURNAL.

All manuscripts published in the Journal in 1995 will be considered eligible for the award.

The announcement of The Golden Pen Award winner will be made at the 1996 AAOHN Annual Business Meeting. If, in the judgement of the Award Committee, no manuscript is received that merits this Award, there will be no Award. Some manuscripts that do not win the Award, but are deemed by the Committee to deserve special merit, may receive honorable mention.
